

PCD/PCBN MILLING

PCD/PCBN Standard Milling Cutters

PCD and PCBN milling cutter options for finishing, high-speed machining and stable tool life in suitable materials.

Typical Applications

Aluminum milling

Graphite machining

Composite finishing

Cast iron finishing

Send drawings, current tool model, workpiece material and quantity for quotation review.

Product reference

Advantages

- High surface finish
- Long tool life
- Repeatable milling performance
- Standard size sourcing support

Specifications

- PCD end mills
- PCD milling cutters
- PCBN milling options
- Diameter and flute options

FOR QUOTATION

Please provide

- Diameter and flute length
- Shank style
- Workpiece material
- Spindle speed if available

Sourcing support

Requirement review, product matching, trial order support, quality inspection and export communication for industrial buyers.
